

Migrate your SAP tax system - TAXINJ to TAXINN for GST Compliance

Reaching out... through IT®

Migrate your SAP tax system 'TAXINJ to TAXINN' to comply with GST norms - with HTC, your dependable SAP partner

Prerequisites for GST Implementation

Your SAP system needs the TAXINN tax procedure as a pre-requisite for the GST rollout. If you are using the TAXINJ tax procedure, this is the right time to migrate from TAXINJ to TAXINN along with certain prerequisites. HTC's SAP Centre of Excellence (CoE) can help you conform to GST with seamless transition.

Although migrating TAXINJ to TAXINN is not a big project, it needs to be done very meticulously as it requires meeting certain prerequisites such as:

- Performing the required system configuration
- Thorough testing
- Master data changes
- Correction in existing ABAP objects
- Conversion of open transactions to the new concept

HTC, your dependable SAP partner

HTC is an authorized SAP Partner having 16+ years of consulting, implementation, and support experience. We can support your GST compliance by simplifying the TAXINJ to TAXINN migration challenges in addition to providing a wide range of SAP maintenance and support services.
